

VALLEY CORVETTES WEBSITE GUIDE

There are two different accounts for Valley Corvette members on the site. The first is called the **Club Membership**, which is for managing your membership with Valley Corvettes. The second is the **Web Profile**, which allows users to have an optional online account to post photos and interact with other members. Anything relating to these accounts can be found under the **Account** tab in the menu.

Login

In order to access any membership pages, you will need to be logged in. This can be accomplished by clicking on the login link and entering your username and password.

Web Profile

This is an optional online profile that you can set up to interact with members and post photos. **By default your Web Profile is set to public, so if you would like it hidden from the Member Directory, you will need to edit your privacy settings.**

To edit your Profile settings, click the gear icon to the right of your name. From there you can find options to *Edit Profile*, which includes adding photos and a bio, or you can update your password and privacy settings under *Account Settings*.

Directory

The Directory shows a list of all members with public profiles and can also be searched.

Logout

If you are using a public computer or are concerned about your account safety, make sure to logout of your account.
